

RESIDENTS NEWSLETTER MARCH/APRIL 2015

Grass cutting

Grass cutting will commence shortly for 2015. The payment this year will remain at €30 per household and road reps will start collecting in the next couple of weeks. If you can afford to pay the €30 in one payment it would be appreciated, but we will accept instalments. These funds are vital for the maintenance of the estate, specifically grass cutting. The council do NOT undertake this activity.

And please stop parking on the grass verge outside your homes.

Clean Up time

Let's keep OUR estate clean all the time. Please tidy around your house, please sweep the road around your place and if you are walking along the estate and notice any litter please pick it up. If you need garden gloves or some bags, please contact us, and we'll provide some.

Keeping Watch

There has been a number of houses broken in to in recent months. As always, please continue to be vigilant and if you see anything strange or are concerned, talk to your neighbours and make them aware. For more serious issues call Navan Garda Station on 046-9079930.

AGM

We held our AGM on 3rd February. Only few people came. Remember, it is not just the Committees' estate, it is all residents' estate, and your view points are important, the Committee is here to help, and not do everything. The new AGM date will be arranged soon and the reminder will be send. The more support the committee has from residents the better. We need your help to collect the funds (road reps are badly needed for Elm Drive and Cedar Vale). Please contact athlumneywoodra@gmail.com if you can help.
